

TWO PEACE TREATIES?

Germany Ready to Agree to Arbitration.

HAS RECEIVED PROPOSAL

Italian Treaty to Be Signed Next Week—President Congratulated by French Arbitration Group.

Berlin, Nov. 3.—The German Government is in full sympathy with the proposal of arbitration between the United States and Germany, and there seems to be no doubt that a treaty will be arranged at an early date. The Foreign Office only received the proposal from the American Embassy a few days ago.

TREATY WITH ITALY NEXT?

Another Arbitration Convention Expected to Be Signed.

Washington, Nov. 3.—The French arbitration treaty will be followed by a treaty with Italy, which, it is expected, will be ready for signature early next week. The French treaty, while not yet ratified by the Senate and consequently not in force, is believed to be so carefully framed as to insure favorable action in the last stage. If this is so, it will be the first arbitration treaty of general scope to which the United States has been a party. There have been various special arguments, such as the Behring Sea arbitration, that providing for the adjustment of the Alaskan boundary, the Venezuelan claims settlement, and the like, but each and all of these were limited in operation to one subject and they expired as soon as that subject matter had been dealt with.

FRANCE WILL RATIFY TREATY.

Combes Government Assured of Favorable Action.

Paris, Nov. 3.—The report of M. Jusserand, the French ambassador to the United States, on the signing of the Franco-American arbitration treaty, was received by Foreign Minister Delcasse today. The latter will not submit the treaty to Parliament for ratification until the ambassador's mail report with the signed text of the treaty arrives. However, the officials here have made sufficient inquiry in regard to the sentiment of Parliament to show that the treaty will be ratified promptly and perhaps unanimously.

PRESIDENT ROOSEVELT'S FALL.

Thrown from Horse and Made Unconscious.

Washington, Nov. 3.—It has just become known that President Roosevelt had a narrow escape from death a week ago last Sunday afternoon. He was approaching a high fence at top speed when his horse stumbled and fell. The President, being thrown, struck squarely on his head and was so severely stunned that he was unconscious for some time, just how long he does not know, as he was riding alone. When he regained his senses he found his horse standing near him. It was some time before he regained full control of his legs and arms. He then remounted and rode at a slow pace to where his orderly was waiting for him. There are still marks of the cut on his head.

DYSPEPSIA

"Having taken your wonderful 'Cascarets' for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to 'Cascarets' for their wonderful composition. I have taken numerous other so-called remedies but without avail and I find that Cascarets relieve more in a day than all the others I have taken would in a year."

A PROBLEM SOLVED

A Discovery That Will Be of Benefit to Thousands of People.

There is no doubt about the value of Vinol, this new form of cod liver oil, concerning which so much has been said lately. It is just another one of those great developments that is bound to revolutionize a certain branch of science. This time the science is that of saving lives; hence the greater good that will be derived from this discovery.

We refer to the discovery made by those two great French chemists, Mourgues and Gautier, of a process by which the medicinal curative elements known to exist in the cod's liver can be separated from the oil so that all the good part of that famous old remedy, cod liver oil, can be recovered for the benefit of the sick, and all the useless oil and grease can be gotten rid of. Thus they produce a delicious and doubly potent remedy out of a very objectionable one. It has revolutionized the cod liver oil trade, for who wants to take a nauseating, oily dose of cod liver oil or emulsion when the same benefits can now be obtained from Vinol, which is as delicious to the taste as a fresh orange?

Vinol is simply cod liver oil in a new form—cod liver oil without oil, paradoxical as it may seem—absolutely made from fresh cods' livers, and the greatest flesh and strength-creator for young and old known to medicine, and is different from any preparation that can possibly be made by any one else. Kieckert & Wells, Druggists.

MENACE TO IRELAND.

People Leaving at Rate of 2,000 a Week for United States.

Washington, D. C., Nov. 3.—Joseph G. Stephens, American consul at Plymouth, Eng., has just sent a significant report to the department of commerce and labor, explaining the great flood of immigration to this country from England and Ireland. He says:

"The British press has called special attention during the last month to the continued, and what they term alarming, flight of the Irish and Cornish to America. Over 25,000 have gone from Ireland alone during the present year, and the exodus, which has received an impetus from the cheap fares, goes on without interruption.

"There is, it is asserted, no greater menace to Ireland's future than this appalling drain by emigration. It is drawing out of the country the best of its peasant class for America, and leaving the undesirable behind. Never before have the Irish people manifested such a determination to leave their country. At present they are leaving at the rate of 2,000 a week, and no argument advanced to keep them at their island has the slightest effect.

"The same conditions, though in a modified form, apply to Cornwall. The mining industry at home is dead. In the British colonies conditions are not at all favorable, hence the weekly exodus to America. Those already in the United States send home money as rapidly as possible to assist their relatives and companions in Cornwall to follow. The slack condition of trade in the middle and north of England is also a cause for the present flood of emigrants."

STAFFORD MURDER CASE DROPPED

Wife Wouldn't Testify Against Him on Murder Charge.

Boston, Mass., November 3.—Eugene La Forrest Stafford, who was charged with the murder of Maynor B. Trussell by shooting him with a revolver at rooms in West Springfield street on Feb. 17, will not be prosecuted, because of the refusal of the principal witness for the government to testify in the case. District Attorney Stevens has ordered a nol pros to be entered. The shooting caused a considerable sensation at the time of its occurrence and in March the grand jury returned an indictment against Stafford.

The papers in the case bear this memorandum:

The principal and material witness in this case is the wife of the defendant, who testified before the grand jury. Without her evidence there is no case to be made out against Stafford. She now refuses to testify against him.

Oliver Stevens.

Crazy Woman in Church Defies Arrest.

Woodville, Conn., Nov. 3.—Mrs. Flora Neth, aged fifty has taken possession of the Congregational church here, defying the authorities. She fights all who try to disturb her and spends her time in singing hymns and wailing prayers. She has locked the doors and windows and there is great excitement in the community.

SUITS INVOLVE \$100,000,000

New York Real Estate Under Litigation.

DISPUTE OVER POSSESSION

Deeds a Hundred Years Old an Issue—In District Are Fine Residences, Hotels and Clubs.

New York, Nov. 3.—Real estate valued at fully \$100,000,000, now in the possession of about two hundred and eighty persons, is involved in a series of legal actions, one of which has just been brought in the Supreme Court. The properties lie in the districts bounded by Eleventh and Thirteenth streets and Fourth and Sixth avenues and Thirty-First and Thirty-Third streets and Sixth and Eighth avenues. In the present suit William H. Le Boiteux is the plaintiff and a publishing house is the defendant. Le Boiteux contends that he has an undivided interest in the property occupied by the company, as one of the heirs of Jacob L. Arden, the original possessor of the two tracts, which at the time of his death, in 1801, were known as the Arden farms. One of the properties involved in another of Le Boiteux's suits is that occupied by Robert B. Roosevelt, uncle of President Roosevelt, at No. 49 Fifth avenue. Mr. Roosevelt having bought it from James Lemox, whose title was derived indirectly from Arden.

Another series of actions concerning the same tracts of land is pending, brought by various plaintiffs, and they involve deeds dating back more than one hundred years. It appears that Jacob L. Arden, in his will, bequeathed the property to his son, Jacob S. Arden, with the provision that if the latter died without issue the title should pass to John Summers, son of his sister, Catherine Summers. It is stated that John Summers sold his contingent claim to Jacob S. Arden in September 1805, for \$5000. Upon this transfer of right the heir is said to have disposed of property in which he had only a life interest, and as he died unmarried, the claim is set up that the property belonged of right to his heirs. In the district concerned are some of the best known hotels, clubhouses and private residences in New York.

BRIDGE GAVE WAY, TWO BOYS KILLED

Were Walking Beside a Heavily Loaded Team When Structure Collapsed—Boys Struck by Heavy Timbers.

Keene, N. H., Nov. 3.—Word was received in this city today of a double fatality late yesterday at Troy, ten miles south of here, the victims being two boys, Ollie J. Foster and Warren Goodnow, both about 11 years old. The boys were crossing a bridge over a tributary of the Ashuelot river and were walking just beside a four-horse team loaded with logs. Suddenly the bridge collapsed and the boys, team and driver, Thomas Starkey, were thrown into the water. The boys were struck by the falling timbers of the bridge and died shortly after. The log team did not leave the bridge and the horses were unhurt. Defective supports are supposed to have caused the accident. Both boys belong to families prominent in town.

Pope No Better.

Rome, Nov. 3.—The condition of the Pope not having improved since yesterday, Dr. Lippin insists that his holiness shall give no audiences today.

\$500,000 IN PRIZES OF \$5.00 EACH TO BE GIVEN TO THE SCHOOL CHILDREN OF AMERICA

School Children's Competitive Advertising Contest No. 4249

THERE WAS AN OLD WOMAN
IN OUR TOWN,
AS WISE AS AN OWL WAS SHE,
TO PEOPLE'S CRIES,
WHAT MAKES YOU SO WISE,
SHE SAYS I EAT,
EGG-O-SEE.

This sketch was made by Leltoy A. Lewis, age 9, Montgomery School, Syracuse, N. Y.

We give a cash prize of \$5.00 for any drawing of this character which we accept and use. All school children can compete. Full instructions will be found on inside of each package of Egg-O-See, telling what to do to get the prize and how to make the drawings.

It is now conceded that Flaked Wheat is the most healthful, economical and convenient of all foods. EGG-O-SEE has become the standard of these foods for two reasons—First it is incomparably superior in purity and flavor, and a large package retails for 10 CENTS.

ASK YOUR GROCER FOR THE GREEN PACKAGE.

If your grocer does not keep it, send us his name and 10 cents and we will send you a package, prepaid.

Address All Communications to "EGG-O-SEE," Quincy, Illinois.

ALL AT SEA IN NEW YORK

No One Making Serious Election Prediction.

LEADERS ARE CONFUSED

Cry of "Odellism" Doubtless Will Help Judge Herrick—Roosevelt Is Favored by Many Democratic Voters.

New York, Nov. 4.—The political situation in New York continues very uncertain, no one venturing to make a serious prediction as to the result of the election; guesses range from 100,000 for Parker to 150,000 for Roosevelt. There are many groups, which might vote solidly either way, but which way is a question difficult to settle. There is much talk of "Odellism," and this as an issue may give some Republican votes to Herrick; but, on the other hand, many Democrats are likely to vote for Roosevelt. Judge Parker's two speeches Wednesday evening aroused the usual enthusiasm, but he offered no new issues. Yesterday he was in Connecticut, where he made three formal speeches. The first was at Bridgeport and he took for his text that inelegant but expressive phrase, "Stand pat." The substance of his argument, which was brief, was "don't." For, he asserted, the whole of modern progress has come largely from the refusal of the world to "stand pat."

The odds in favor of Roosevelt's election were a little stiffer today, at 5 to 1, but in this state they inclined more to the Democratic side, and on the election for governor they increased in favor of the Democratic ticket to 10 to 6.

DAVIS ON ANOTHER TOUR.

Candidate Starts on a Flying Speech-Making Trip Through West Virginia.

Cumberland, Md., Nov. 3.—Henry G. Davis, Democratic vice presidential candidate, today started on a flying trip of speechmaking through West Virginia. The trip is to end at Belington, Saturday, and includes speeches at Ridgely, Keyser, Piedmont, West Virginia Central Junction, Blaine, Elk Garden, Wallman, Gorman, Bayard, Dobbin, Henry, Thomas and Davis.

Herrick Says State Is For Parker.

Syracuse, N. Y., Nov. 3.—Four thousand Syracuse Democrats, packed in the Alhambra, took the word of D. Cady Herrick and David B. Hill for it last night and indulged in wild enthusiasm at the prospect that Judge Parker will be elected next Tuesday. Judge Herrick set them going when he said: "I want to tell you that New York state is absolutely safe for Alton B. Parker."

W. L. DOUGLAS ILL.

Massachusetts Candidate for Governor Cancels Engagements.

Boston, Nov. 4.—The Democratic candidate for Governor, the Hon. William L. Douglas, was compelled to cancel his engagement to speak at the Democratic rally in Lowell this afternoon on account of illness.

TO DEBAR "LUNGERS."

Government Will Have No More Consumptives in Office.

Washington, D. C., Nov. 3.—Consumptives will hereafter be debarred from employment in government positions where the work requires them to come in contact with the public. An order to this effect has been issued by the civil service commission. This new rule applies particularly to postoffices, and is in line with regulations adopted in nearly all municipalities to prevent the spread of the disease. The order says that hereafter all applicants for employment with the government must submit to a physical examination, if the presence of tuberculosis is suspected, and that if the disease is found the sufferer shall not receive an appointment.

ROOSEVELT TO PANAMA.

President Sends Felicitations to Head of the Year-Old Republic.

Washington, Nov. 3.—President Roosevelt today transmitted through the State Department the following telegram to President Amador of Panama: "His Excellency, President Amador, Panama: 'Accept the felicitations of this government on the first anniversary of Panama's independence.' (Signed) 'Theodore Roosevelt.'"
